

Maths

We will be developing our fluency, reasoning and problem-solving skills with;

- Place value
- Addition
- Subtraction
- Using bar models and blank number lines
- Data handling
- Shape

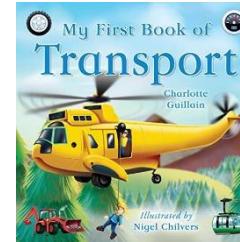

English

We will focus on non-fiction writing this half term, writing instructions and information texts.

We will continue to develop our skills in;

- Presentation/ handwriting
- Spelling
- Punctuation
- Using a variety of sentence types.
- Using words to engage the reader

Science

We will revise our work on materials, looking at what materials different parts of vehicles are made from

We will look in greater detail at forces – how things move.

We will continue with our tree longitudinal study as the seasons change.

R.E.

We will be looking at what Belonging means

Are we there yet?

A topic about the transport Year 1 Spring 1

We will be bringing our own wheeled transport to school for a day of special activities. We will also be having a visit from HMS Sultan.

Personal, Social, Health, Education

We will think about how we can achieve our dreams and goals.

Geography

We will be looking at the different continents of the world and what transport we would need to visit those places. We will do some local fieldwork – a traffic survey.

Music-

We will look at rhythm, linked to composing our own transport music.

History,

We will be answering these questions
How has transport changed over the years? Why do we have a biplane for our logo?

PE

We will be exploring dance from other cultures and learning the 'Waka Waka'.

DT

We will be researching and then designing our own models with wheels and axles.

Computing

We will learn what an algorithm is
We will create and debug a programme for the bluebots.
